Professional Experience

Software Development Intern

01 Jan 2025 - 01 Mar 2025

Kodnest Technologies

Interned at KodNest, acquiring practical knowledge in Java, MySQL, Frontend Technology, and Manual Testing. Assisted in real-world project development, worked closely with industry experts, and gained exposure to software development processes, reinforcing my technical foundation and professional communication skills.

Projects

Developing a Transparent Diagnosis Model for Diabetic Retinopathy Using Explainable AI

Rajarajeswari college of Engineering

04 Aug 2025 - 26 Dec 2025

Supported a project developing a transparent diagnostic solution with Explainable AI for Diabetic Retinopathy. Enhanced diagnosis reliability by implementing interpretable models,

which addressed the shortcomings of conventional AI and empowered clinicians with clear, actionable insights for better patient care.
